

The Four Villages
Community Health Centre

WORKING TOGETHER FOR WHOLE HEALTH

Dear Doctor,

You are receiving this letter because your patient has requested allied services at The Four Villages Community Health Centre.

Four Villages is a primary health care organization in the west end of Toronto. We currently have the capacity to accept referrals from physicians in the community for allied health services that include **physiotherapy, occupational therapy, nutritional counselling, and therapeutic and health promotion group programs.**

In order to see your patient, **we require a referral note** from you with the following information:

We ask that the referral include:

- services requested and,
- relevant information that will facilitate our assessment and development of a treatment plan.

Our allied providers prioritize intake of new patients based on urgency and severity of the presenting condition(s).

Please note that due to overwhelming demand, we can only accept referrals of individuals who:

- Live in the west end of Toronto (CN tracks to Islington Avenue and the lake to Eglinton Avenue) **AND**
- Unable to pay privately for this service (does not have private insurance or the ability to pay)

We will ensure that you receive a consult note following the initial visit outlining our assessment and care plan.

Kindly fax your referral note and any relevant patient information to our Bloor location 416-604-3367.

Sincerely,
Four Villages Team
